

## DATA SHEET

COD. **SMON185A**

18,5" LED-MONITOR, VGA, AUDIO, HD

Kleurenmonitor, LED van 18.5", weergave verhouding 16:9, resolutie HD.

### Belangrijkste kenmerken

|  |                       |
|--|-----------------------|
| Type display:                                  | 18.5" LED             |
| Video-ingangen:                                | 1 (VGA)               |
| Weergaverapport:                               | 16:9                  |
| Resolutie:                                     | HD                    |
| Weergeefbare kleuren (miljoenen):              | 16.7                  |
| Contrastverhouding display:                    | 5000000:1 (DCR)       |
| Helderheid display (cd/m2):                    | 250                   |
| Kijkhoek (°C, rechts / links / boven / onder): | 170 / 170 / 160 / 160 |
| Reactietijd (Tr/Td -ms):                       | 3                     |

### Kenmerken van de hardware

|                           |                     |
|---------------------------|---------------------|
| Audio ingangen/uitgangen: | 1/2 (speakers, 2 W) |
|---------------------------|---------------------|

### Algemene info

|                            |                      |
|----------------------------|----------------------|
| Absorption:                | 20 W Max             |
| AC supply voltage:         | 100 - 240 V 50/60 Hz |
| Product height (mm):       | 334.16               |
| Product width (mm):        | 444.13               |
| Product weight:            | 2.5 kg               |
| Type bekleding:            | Plastic              |
| Kleur product:             | Black                |
| Werkings temperatuur (°C): | 0 - +40              |
| Vochtigheid werking (%):   | 85 max               |
